

RED DAWN

КРАСНИ
ЗВЕЗД

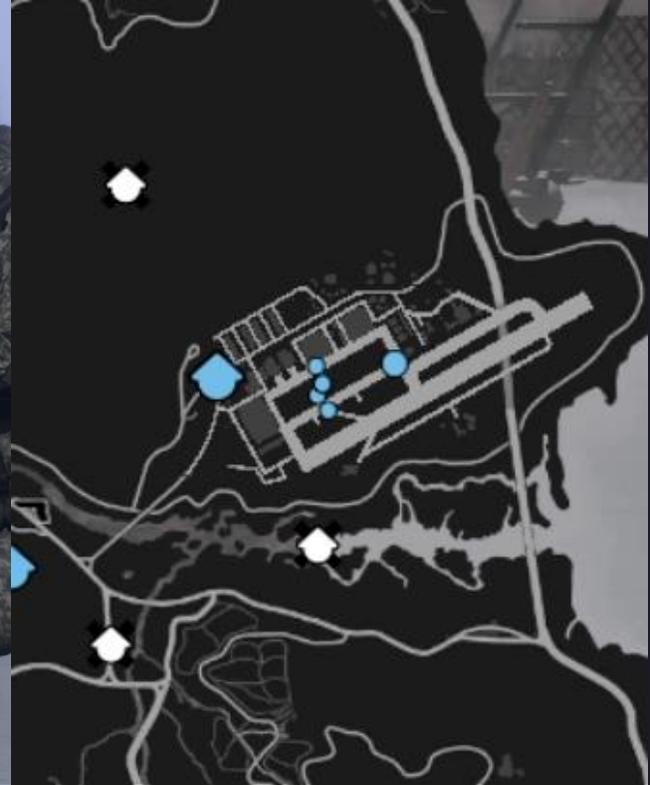

Red Dawn the GTA 5 War Mod :

- CHOOSE YOUR SIDE
- FIGHT RIVAL FORCES
- TAKE OVER TERRITORIES
- GET MONEY AND POWER

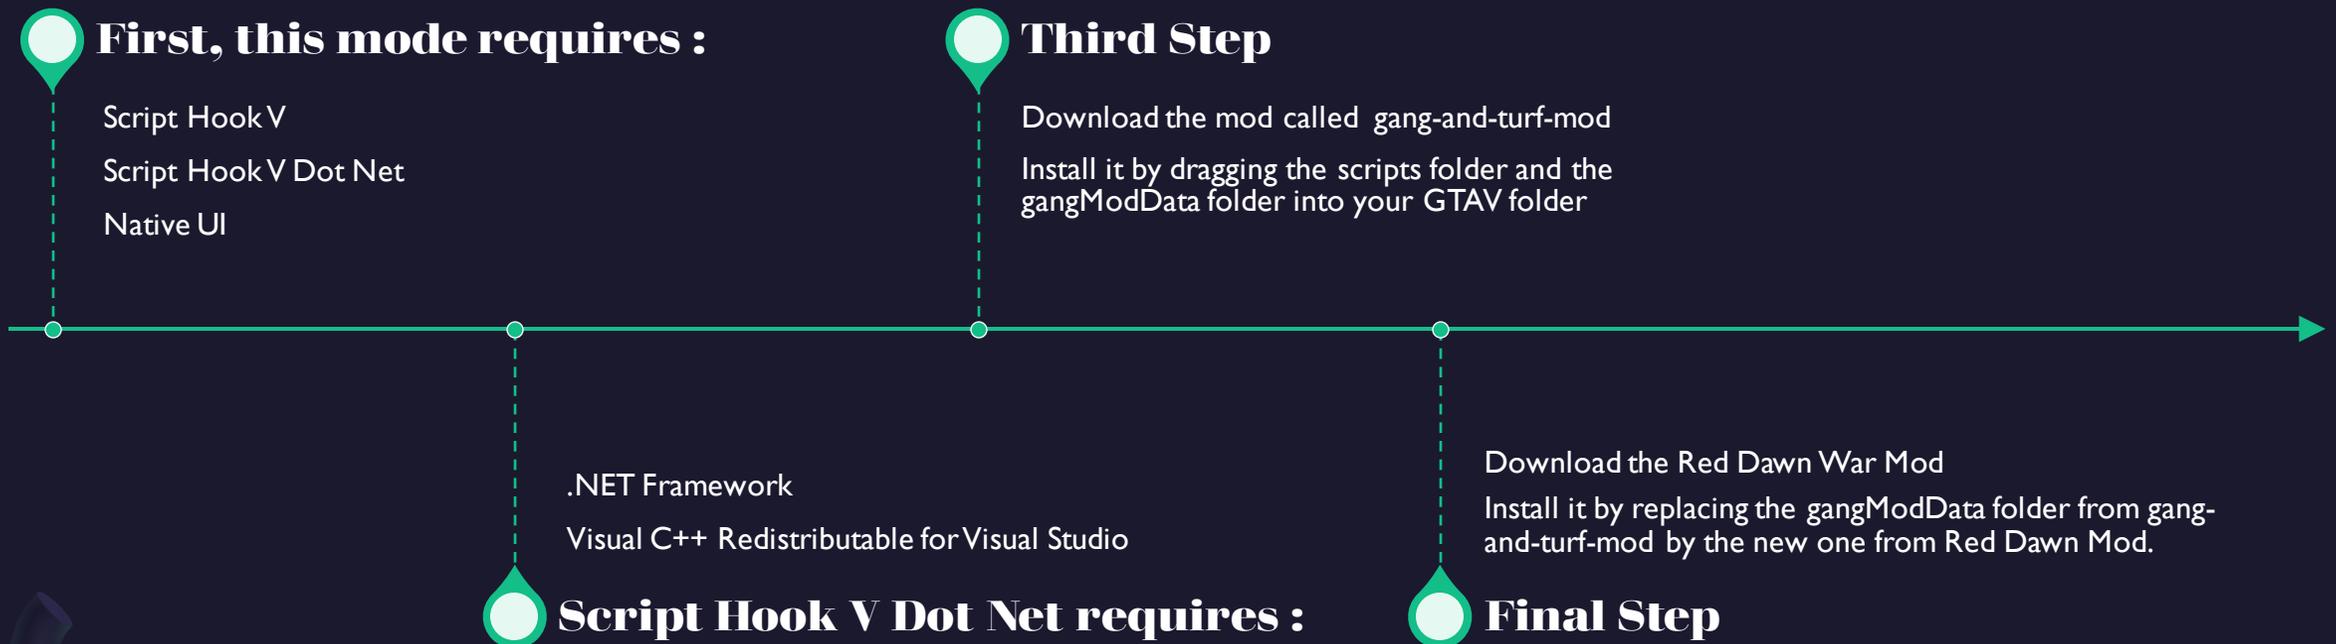

What is a War Mod ?

THIS MOD TURNS GRAND THEFT AUTO V INTO A WAR MOD !

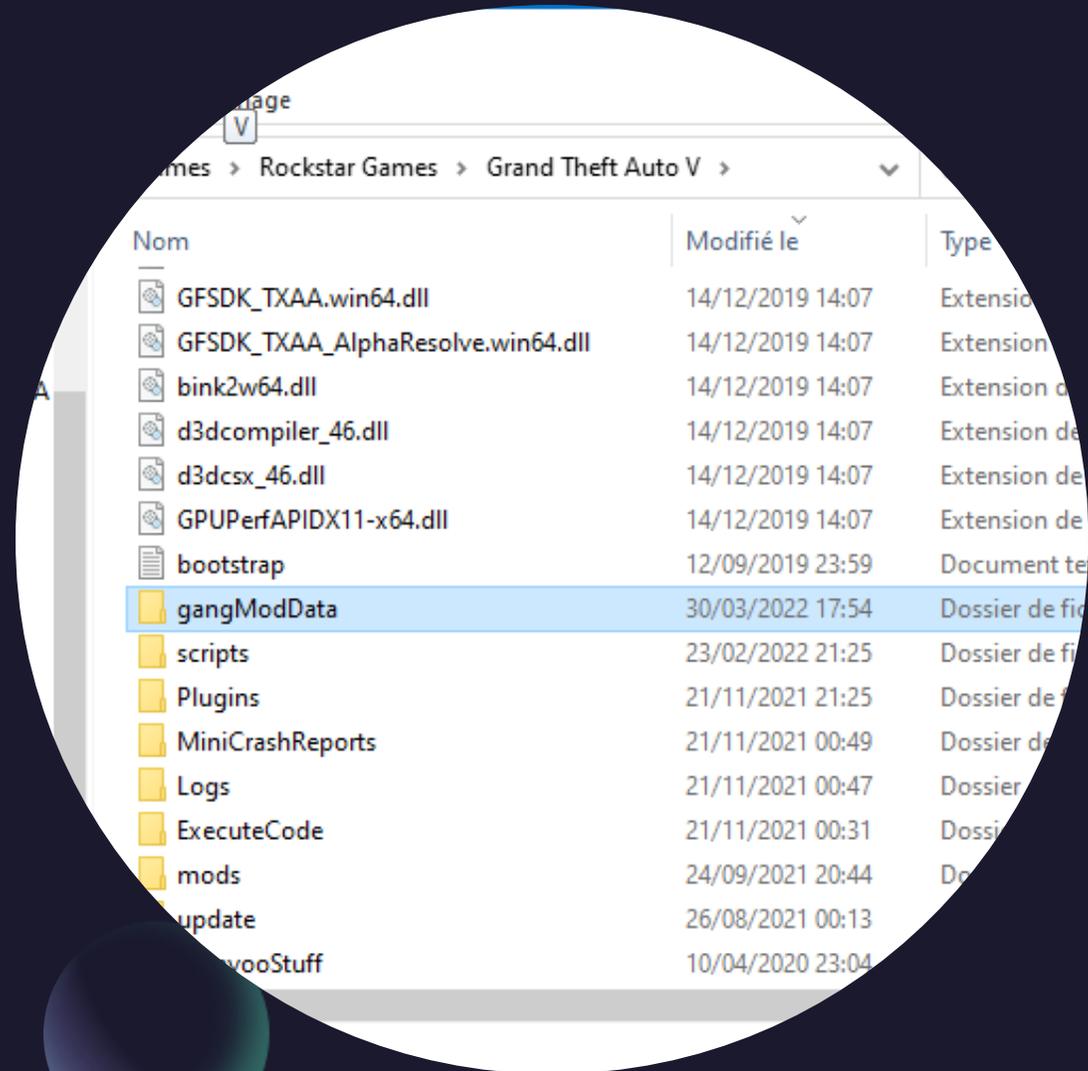

With it, you are able to be part of a side : US Army or Red October with members of your choice, take over territories of San Andreas and fight against rival forces for the control of those territories.

The installation in 4 steps :

This is what you should have so far :

Please check carefully your folders, it should look like this !

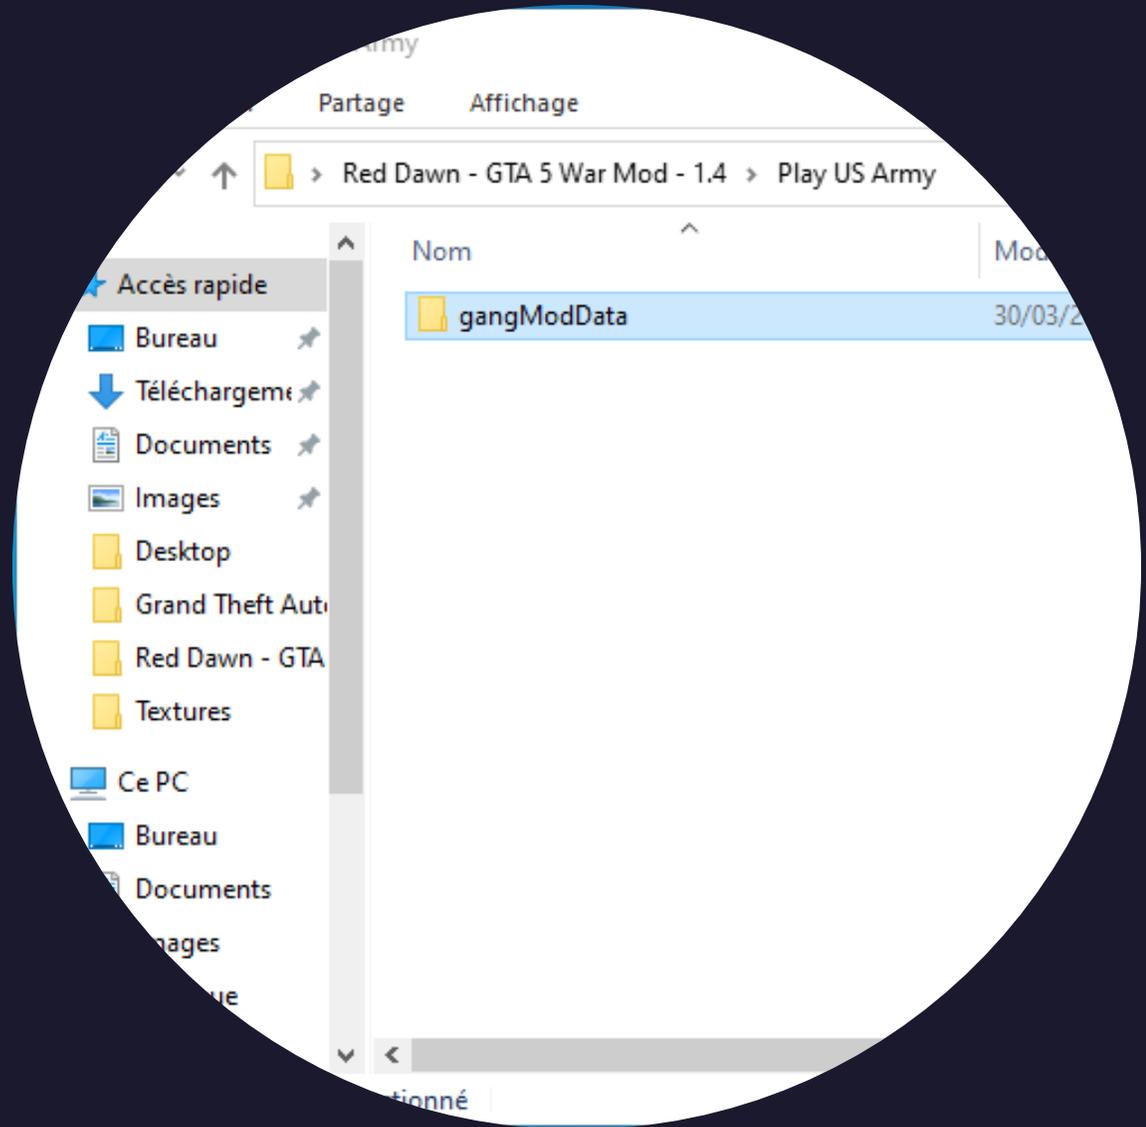

Playing among the US Army

In Red Dawn, you can choose which side you want to play with. US Army has a great assets and powerful resources to offer. In this game mod, you play the defender, you have to protect your territory against the intruder.

Playing among the US Army

To play with US Army, you must drag the gangModData folder from the folder named "Play US Army" and replace it into your GTA 5 folder.

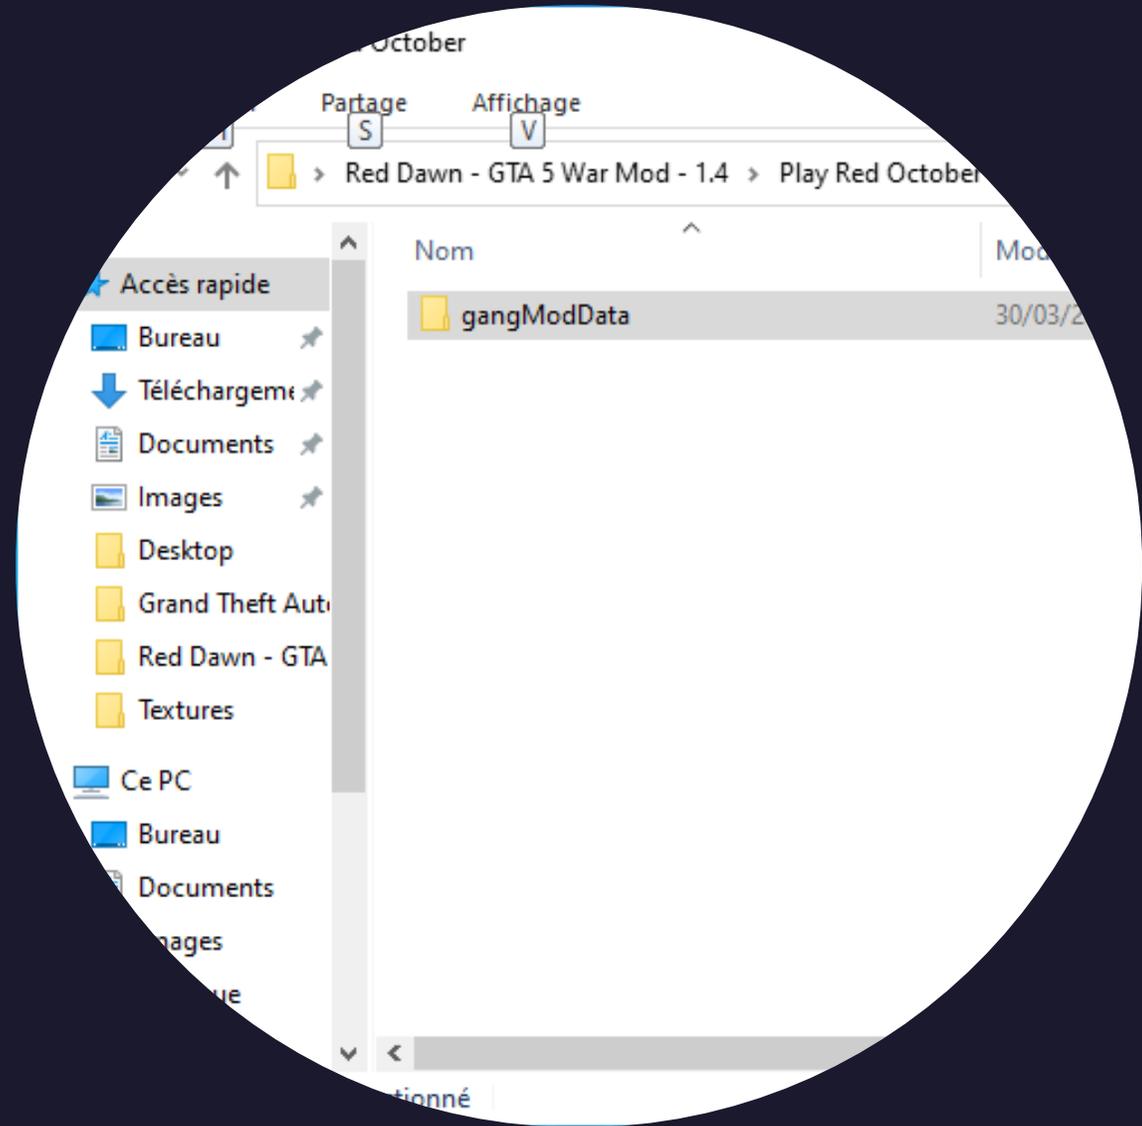

Playing among the Red October

In Red Dawn, you can choose which side you want to play with. Red October has a great assets and powerful resources to offer. In this game mod, you play the offender, you have to take the territory from the owner.

Playing among the Red October

To play with Red October, you must drag the gangModData folder from the folder named "Play Red October" and replace it into your GTA 5 folder.
